## Objective

---

Enthusiastic and dedicated aspiring web developer with a strong foundation in HTML, CSS, and responsive design. Eager to join a forward-thinking development team where I can apply my skills, learn modern web technologies, and contribute to building meaningful digital experiences.

## Education

---

**Bachelor of Computer Applications (BCA),** *Indraprastha Engineering College* 2026

**Senior Secondary, CBSE,** *Kendriya Vidyalaya* 2023

## Technical Skills

---

### Front-End

HTML, CSS (Semantic markup, custom layouts, responsive design)

### JavaScript

Basic concepts (variables, functions, events)

### Responsive Design

Mobile-first development, Flexbox, Grid techniques

### Version Control

Git (basic commands, project management with GitHub)

### Tools

VS Code, Chrome DevTools

## Interests

---

- Keeping up with the latest web development trends and technologies.
- Creative arts, including drawing and digital design.
- Playing cricket and participating in team sports.

## Projects

---

### Personal Portfolio Website

- Designed and coded a fully responsive portfolio website using HTML and CSS.
- Included sections for skills, projects, and contact; optimized for both desktop and mobile displays.
- Integrated semantic tags for accessibility and SEO improvements.

### Static Blog Layout

- Built a static, visually engaging blog homepage employing modern CSS layout strategies (Grid, Flexbox).
  - Prioritized readability, whitespace, and mobile adaptability.
- (Optional: Add more project details/)
- List any real freelance, student, or open-source contributions.
  - If you have GitHub or live demo links, mention them for each project.
